New Fall Styles!

All the new fall shapes in hats are here and they are as pretty a bunch as you have seen for years. At \$3.00 we have "The Imperial" in soft and stiff, in all the new shades. And right here we want to say "The Imperial" is a three dollar hat, not a hat at three dollars.

At \$3.50, \$4.00 and \$5.00 we have the new shapes in Stetsons. Come and see our new fall supply of these pretty hats.

STANDARD OIL CASES ARE OFF.

Circuit Court Begins With Judge Bush On Bench.

PETIT JURY CHOSEN.

Great Difficulty Experienced In Getting a Panel From Names Drawn.

Judge C. H. Bush was on yesterday appointed Circuit Judge, to serve during the absence of the regular judge, who went to Murray as a witness for the prosecution in the Holland case.

The full list of petit jurors has not yet been made up, a number of those summoned failing to appear. There were fifteen chosen Tuesday and another lot of names had to be drawn from the wheel. Three more were selected yesterday and the list will be completed this morning. Those accepted are: F. M. Morris, M. H. Dukes, T. M. West, T. D. Jameson, W. E. Adcock, Bob Dukes, J. M. Anderson, M. D. Hord, R. M. Anderson, Ed. Pennington, L. B. King, Upshaw Buckner, John Boley, J. R. Johnson, B. P. Armstrong, G. B. Underwood, J. A. Easton, C. W. Smithson and Sherman Henderson.

Several cases have been disposed of and a number have been continued until the next term.

Forty-one indictments against the Standard Oil Company, in which the company was charged with retailing without a license, were dismissed.

SAD NEWS

Received Tuesday by a Visiting Young Lady.

Miss Beale Anderson, who has been the guest of Miss Lillian Gary for some time, was greatly shocked Tuesday on opening a telegram which apprised her that her brother, Dr. D. C. Anderson, had been taken down with yellow fever. Since the fever made its appearance at Tallulah, La., the young physician had been devoting his most earnest efforts in attending to the stricken. The message came from Miss Anderson's mother who was in attendance on her son, and is supposed to be immune. The young physician's father is at Hamburg, Miss., aiding the stricken people there. Mr. Geo. E. Gary says that it would be unwise for his daughter's guest to go to her brother and she will remain here for the present.

TEN ADDITIONS

Revival at Olivet Baptist Church Closes.

The protracted meeting at Olivet Baptist Church, Howell, closed Tuesday night. There were 10 additions to the church. The pastor, Rev. H. C. McGill, was assisted by Rev. Lloyd T. Wilson, the able and eloquent young pastor of the East Baptist Church, Louisville. The church was greatly revived and benefited. It now has a live membership of 237 members.

ARREST FOLLOWS

Difference of Opinion as to Which Had Bill.

Ira Litchfield, a young farmer living near Church Hill, was arrested on complaint of Chas. Dattilo yesterday, who charged that he obtained change for a \$20 bill without surrendering the bill. Protesting that he had done so, he kept the change when Dattilo had him arrested. He gave bond and the case will be investigated by the grand jury.

COMPANY D ORDERED OUT

Will Attend the Trial of Polk Fletcher and Guy Lyon.

OFF FOR RUSSELLVILLE.

Capt. Clark and Thirty Men Left Last Night For Scene of Action.

By Order of Gov. Beckham and upon request of Judge W. P. Sandridge, of the Logan circuit court, two companies of infantry and a detachment of battery of the State Guard have gone to guard and protect W. R. Fletcher and Guy Lyon from mob violence during their trial for alleged assault upon Mary Gladder. The cases are to be called in the Logan circuit court today.

The troops designated for the duty are the Hopkinsville and Bowling Green companies of Infantry and fifteen men of the Frankfort battery. They will be under command of Maj. Edward Watt, of Bowling Green, of the Third regiment.

This is the second trial of Fletcher for the crime, troops having been sent to Russellville in August to protect him. He was tried at a special term of court and the jury disagreed. Both men are in jail at Bowling Green.

Capt. E. W. Clark and 30 men from Co. D, left on a special train at 10:30 last night.

WHERE IS HERBERT?

Left Sunday and Has Not Been Heard From.

Prof. Herbert, who organized classes in physical culture here two weeks since, left the city last Sunday and has not returned. When he left he remarked to Mrs. J. D. Hill, with whom he has been boarding, that he was "going down the road to see his girl." He is supposed to be somewhere sick, as he has, so far as we can learn, communicated with no one here. He has about 75 pupils. As he left his trunk and belongings at the Hill House, there is no explanation of his absence. It is said he was seen in Nashville Monday.

CLAIM THE COUNTY.

Democratic Candidates Are Greatly Elated Over Prospects of Victory.

The Democratic candidates filled their speaking appointments at Lafayette and Bennettsburg yesterday and will go to Howell and Kennedy today and to-night. The crowds are getting larger and more interest is being shown as the canvass progresses. The Democrats are growing more confident every day and are claiming the county. A good organization is all that is needed to sweep the county.

Nothing Known Here.

A negro on a colored excursion between Hopkinsville and Louisville was killed Sunday night about 10 o'clock near Glasgow, Ky. A difficulty arose between Charles Frazier, colored, of this city, and another negro and the latter shot at Frazier. Frazier was not hit, but one bullet struck the woman sitting behind him, inflicting fatal injuries. — Clarkeville Leaf-Chronicle.

Old Poles Removed.

Dr. J. A. Young's horse, while hitched to an unused telephone pole in front of Mr. E. Wood's residence, pulled the post, down, breaking it off at the ground. Fortunately no one was hurt, but the Cumberland Telephone Co. at once began taking down this row of poles, no longer used, their cable having been located on another street.

THE CITY BANK.

CAPITAL - \$60,000. Surplus and Undivided Profits, - \$70,000.

The surplus of this bank, every dollar of which has been earned, is larger than that of all other Banks in Christian county combined, and in proportion to capital, ranks among the very first in whole State of Kentucky.

DONT BE LEFT.

Tomorrow The Alfalfa Special Train Will Come.

Tomorrow is the day for the Alfalfa and Corn Special to arrive here. The farmers in large numbers are expected to take advantage of this opportunity to learn something to their advantage. Remember that you will be "left" if you are not at the L. & N. station promptly at 8:45 in the morning. The train will remain only half an hour. Reports from different sections of the State already visited by the special say that at every stop the farmers have gathered in crowds and have expressed themselves as well pleased with what they have seen and heard.

An interesting feature of the special train will be the exhibits of corn gathered from all over the State and of alfalfa actually growing. At all stops, the farmers will be invited aboard the train to examine the exhibits, which will be demonstrated by the experts.

Besides Commissioner Vreeland and the others aboard the train are: R. C. Crenshaw, Assistant Commissioner of Agriculture; Joseph E. Wing, of Mechanicsburg, O., an alfalfa expert; Professor P. G. Holden, of Ames, Ia., Commissioner of Agriculture of Ia., who in one year increased the corn production of Iowa ten million bushels; D. I. Duncan, a New York farming expert; Willis Wing, of Ohio; Professor Scherffins, of the Agricultural Experiment Station at Lexington, and R. R. Giltner, of Eminence.

W. W. Barret, of Henderson, is the representative of the Louisville Commercial Club on the special, and makes the trip in the interest of the coming State Development Convention to be held in Louisville in October.

K. OF P. TO-NIGHT.

Last Meeting Before Grand Lodge Comes.

Evergreen Lodge, No. 38, Knights of Pythias, will meet at 7:30 o'clock to-night, and as it will be the last meeting that will be held before the Grand Lodge holds its session here, a full attendance of our membership is desired. ELLIS ROPER, C. C. W. C. Wright, K. of R. and S.

MORE BIG IMPROVEMENTS TO BE MADE.

The L. & N. Has Its Eye on
a Big Thing For the
City.

MR LOGSDON SAYS SO.

Bigger Passenger Depot and
Car Shed Will Be
Built.

The year 1905 has been the banner year for improvements. There is no use trying to mention those already made and in process of completion. Nothing like it has ever been known here before. As the future begins to loom up in perspective, we discern indications that next year will keep pace, if not leap beyond, 1905 in the way of the city's growth and development.

The more optimistic imagine that they will in a year and a half hear the clang of the electric car gong, and even now are speculating as to which side of the city the long needed park will be located on.

We would not dissipate such dreams. They are not utopian—we believe that soon they will be realized. Hopkinsville has grown up to such great things and we believe we will have them. They will come as naturally "as the sparks fly upward." At the advanced age of a hundred years Hopkinsville seems to be in the heyday of its youth, so to speak, but in a few more years it will be a Titan in many ways.

One of the good things that the L. & N. has in store for us next year is a larger passenger station and train shed. Mr. J. W. Logsdon, the superintendent of this division, was in the city last week and gave to this paper the assurance that, as soon as practicable, his company intends to enlarge the passenger station here to such dimensions as will accommodate the greatly increased passenger traffic. In addition to this he says that the company will erect a train shed, covering its tracks in front of the station to opposite side of the road and extending the full length of its property from Seventh to Eighth street. This will be glad news to all the stay-at-home as well as the traveler. Mr. Logsdon, who is one of the most popular railroad men here "that ever came down the pike" has long seen the necessity of these improvements,

but, owing to so much other work along his system, he has not yet been able to carry out his plans. When "John" says a thing he means it, and you can just put it down as an accomplished fact when he—we like to have said "gets a move on himself," but he always has that—well, he will do it. When he gets through with this undertaking we will have a passenger station about double its present capacity, properly heated in winter and far more comfortable in summer. Then when a storm rages the traveling public can pass to and from the trains without being drenched with rain or covered with falling sleet or snow. When these things are given us then will the people rise up and pronounce John the best of all.

Pain from a Burn Promptly Relieved
by Chamberlain's Pain Balm.

Mr. James N. Nichols, a merchant and postmaster at Vernon, Conn., makes the following statement: "A little child of Michael Strauss was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation Mr. Strauss came to me for something to stop the little one's pain. From the many liniments I carry in stock, I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains, and lame back, and have never known it to disappoint. For sale by L. L. Elgin and Anderson & Fowler, this up to date druggists at Hopkinsville."

"ROSH HASHONA."

The Jewish New Year Begins
Tomorrow Evening
at Sunset.

"Rosh Hashona," the Jewish new year, will begin Friday evening at sunset, and the occasion will be celebrated by every person of Hebrew descent in the world. After Yom Kippur, the feast of the passover, it is the leading holiday of obligation.

The feast was instituted by Moses at the command of God in the time of the journey from Egypt to the promised land, the command being registered in both Numbers and Leviticus. Moses being ordered to institute a Sabbath on the first day of the seventh month, Tishri, when all of the people were to be summoned and the advent of the new year to be announced by the blowing of horns, whence the name, "Rosh Hashona."

Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son, "My boy," he says, "ent a fearful gnash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at R. C. Hardwick's drug store.

Burns Result in Death.

Alice McCormack, aged five years, and a niece of Miss Adelia Clifton, of this city, died in Clarksville Monday from the effect of burns received last Thursday while playing with matches. She died at Mr. Frank Clifton's, where her mother, Mrs. Amanda McCormack, and her daughter lived.

"HOME COMING WEEK"

Louisville Commercial Club After Former Kentuckians.

Did you know that the last census shows that there are over six hundred thousand Kentuckians living in other States?

Well, it's a fact. How many of these former Kentuckians do you know?

The Commercial Club of Louisville wants the names of as many of these as it is possible to get. It desires to extend invitations to every Kentuckian who has moved away to come back next spring and attend the "Home Coming Week" festivities at Louisville.

Plans are rapidly maturing for this great event. The Commercial Club hopes to make it a red letter week on Kentucky's historical calendar. There will be "something different" seven days and nights and then the crowd will disperse and go to different parts of the State to remain as long as the low railroad rates are in effect, as the arrangement made with the railroads will include a low rate to all points of Kentucky for "Home Coming week" in Louisville.

If you have any friends or relatives who have moved to other States, please send the names and addresses at once to the Commercial Club, Louisville, Ky.

For Homeseekers.

Cheapest rates yet—less than one-way fare for the round trip to points in the Southwest. Go via Memphis or Cairo, and Cotton Belt Route.

Dates of cheap rates: Oct. 3 and 17, Nov. 7 and 21, Dec. 5 and 19. Finest time to visit the Southwest—see the crops and locate a home.

Write for maps, literature and cost of ticket to any point.

LOCAL SQUIBS.

The Carnival Co. will come here over the I. C. road from Paducah. People are beginning to lay in their coal supply for the winter.

There is talk of organizing a grocers' protective association.

Hopkinsville has been "long" on everything this year but circuses. Wagons loaded with coal from the mines pass through the streets daily.

Farmers should be thinking of bringing in some of their products for the exhibit next week.

The rear and side walls of the Y. M. C. A. building will soon be up to the second floor.

A handsome monument is to be erected over the remains of the late E. W. Henderson.

There are lots of calls for vacant houses, and so far as our information goes not one is to be had.

Don't borrow your neighbor's Kentuckian the year round. If you can't get along without it, subscribe.

The fronts of the First National Bank and the building adjoining have been repainted.

There will be a sale of unclaimed express packages next Monday. If you want to get rich—

Hotel Latham will be crowded next week, but Capt. Whitlow has reserved some of his rooms for travelers.

The work of remodeling the interior of the store at Main and Eighth streets is going on, and when completed it will be entirely new.

You need not now fear the bite of the mosquito, as the papers say the yellow fever germ theory has about been exploded.

"Are we going to have street cars?" is the common question now. Mr. Bell has 75 days in which to commence work. This is all we can tell you.

There was a great rush of school children to Keach's furniture store Tuesday. That enterprising firm gave away twelve dozen lunch boxes.

The weather, especially at night, is delightfully cool. The lowest temperature was 42 degrees—no night last week.

Why not try sprinkling the streets with coal oil? It is now used to a great extent in cities. One sprinkling lasts for weeks.

The badges to be worn by members of the Hopkinsville lodge, Knights of Pythias during the session of the Grand Lodge in this city next week, have arrived and are very handsome and costly.

Cheaper Rates Southwest.

Less than one-way fare for the round trip on Oct. 3 and 17, Nov. 7 and 21, Dec. 5 and 19. To points in the Southwest, via Cairo or Memphis and Cotton Belt Route.

EATING BY PROXY.

"I pulled down the feed of my life the other day," observed the cheerful and communicative babo on a shady bench in Franklin square a few evenings ago. "I've been up and down the line for a bull bait of snobs, but the way I got that al-doo, was a queer experience as I ever had."

"I was paddling through a little park up on the north side of town, when a tall, thin, sallow man, middle-aged, gave me the greet:

"Hello there," said he to me. "Hurry!"

"Well," I said back to him. "I just naturally hate to think of the things I could do right now to a slaughter house, the size of a vegetable stand—smothered in onions, we'll say, with a tall stack of fried spuds to come, and a half keg of mocha and Java mixed."

"Think you could put all that away?" he said. "Come on, then, and we'll see if we can't put you out some."

"After leaving the meat market, he led me into the basement of a tippy-looking house."

"Sit down and wait awhile and I'll have you fixed up," he said, leading me into the basement dining-room. I looked into the Morris by the window and waited for things to happen.

The sallow man went out into the kitchen and handed the steak to an old-fashioned dinge with a mammy's cap on her head."

"Bring the steak, M'inda," he said to the mammy, and broil it like you know how to. And shake up a panikin of fried potatoes. Cover the steak with fried onions. Brew all the coffee you got around the works. Make a couple of dozen of those wheat muffins of yours. And get lively, M'inda—I've got a man planted in the dining-room that knows how to eat."

"The old black cook got busy in a minute, and the sallow man joined me in the dining-room, and we speiled along while the cats were being fixed."

"Well, inside of just about an hour the old mammy, after spreading nice white cloths and silverware and cutlery on the table, and glazing it all over the table, brought that little snack in."

The steak weighed about three and a quarter pounds, and it was broiled in enough deep-brown Bermuda to make four construction hands budge with joy. The pan of muffins was a still-life picture in oils, and every one of 'em looked—and tasted—like it would float in the air like spider webs. The fried potatoes had that old-gold tint that is right. The coffee, a bull vat of it, was like your mother never even heard of, much less knew how to make."

"Sit down," said the sallow man, when it was all set, and get real gay with your machinery."

"He didn't have to coax me, either. I gave a yank at my sleeves, passed him the 'There's old' mutter, and then I proceeded to make that steak and potatoes banquet look like a last year's bird's nest. I hadn't shoved alongside such a table of fodder since the Russian generals first began to talk about taking their dinner in Tokio."

"Well, the boss of the plant just sat there by the window, in his deep chair, and watched me make the feed look foolish. It didn't embarrass me a little bit to have him do that, although he watched every mouthful I ate. There was a hungry, sort of ominous look in his eyes, as he studied my eating curves. Every once in awhile he shook his head sadly, and looked out of the window, and muttered something to himself."

"After about three-quarters of an hour I was all in, and so was the feed, down to the last muffin and the final trickles of the tub of coffee."

"Had enough?" the sallow man asked me, as I wiped my chart with the napkin."

"I'm gorged down to the Pilsmoor line, much obliged to you," says I. "All right, mate," says the sallow man. Then "That'll be about all. I've enjoyed it as much as you have."

"You think I'm a bug, I suppose," he went on. "Well, I'm not exactly that yet, although I've got a swell odds-on chance to become one if some sort of internal revolution doesn't happen to me. I'm a dyspeptic. When I say that, I don't mean that I'm just a plain, ordinary dyspeptic of the common or garden variety. But I've got a set of mechanism inside of me that declared a lookout on me a couple of years ago, and it has never got clogged together or connected up right since. I've been eating nothing but graham wafers and hot sterilized milk during these past two years—I'd eat one-eighth of the mess that you're just put away, I'd be running around like a bad Moro for a week. I'm as hungry as a Kentucky coon dog all the time, at that, but I've just got to stay hungry. So, every once in awhile I pick up a wayward, and I have never suffered since."

I was advised to try your Texas Wonder, and after using one-fourth of one bottle, I passed a large gravel, and I have never suffered since."

I have recommended it to many others, who reported themselves cured. I most heartily recommend it to all sufferers from kidney or bladder diseases."

WATER CO.

HAS CHANGED ITS PLANS.

Lake Will Not be as Large as at First Contemplated.

A DISAPPOINTMENT.

Will Put Dam Low Enough to Miss the Ellis Property.

There will be general regret among our people to learn that the Hopkinsville Water Co., in order to avoid litigation, has decided to reduce the size of its lake. It now owns 75 acres of land adjoining a track of 32 belonging to Mr. Lee Ellis.

In a conversation with Mr. Thomas W. Morris, the manager, yesterday, he said that they had decided not to have Mr. Ellis' land condemned. Should they do this the case would be appealed from one court to another, which would greatly delay the prosecution of their work. When they bought their land, Mr. Morris says that they were rather encouraged by Mr. Ellis to secure the property for the intended purpose, and he assured them that they would have no trouble in making a deal for his few acres.

Since then Mr. Ellis has refused to transfer his land to any consideration, his reason being that he believes his property contains valuable mineral properties. He has been prospecting for some time. Mr. Ellis might have accepted \$5,000 for his 32 acres. The company paid \$27 per acre for their track and Mr. Ellis \$30 for his.

Mr. James H. Wilkerson, of Bowling Green, the company's civil engineer, spent several days in this city this week, consulting with the stockholders and officers, and negotiations for the Ellis property have come to a final end. The company will use only the land it now owns, 40 acres. This will be amply sufficient for all practical purposes, but will not give as much ground around the lake for other purposes as was desired.

It is the intention of the company to push the work with a vim from now on. Mr. James Holeman, who has had years of experience in furnishing railroads with crushed stone, as well as building pikes, has contracted to locate his crusher here and furnish the crushed stone necessary. He also has a concrete mixing machine and will commence work at once.

The reason of so many failures to cure cases similar to the above is the use of cheap imitations of the genuine.

WHY BUCK'S HOT BLAST

Heater Will Actually Pay For Itself.

Because Buck's Hot Blast will produce as much heat and as satisfactory a fire in every way, by using the cheapest dollar and a quarter coal, slack or screenings, as other heaters in which you must use high grade soft coal or hard coal. You can see at a glance how soon this saving in fuel will make a Buck's Hot Blast actually pay for itself. It is not the first cost of a stove that counts so much, it is what you have to pay to feed it, in coal.

This is the "Buck's Stove."

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility.

W. H. Harrison, Cleveland, Miss. writes, Aug. 15, 1902: "I went to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the corbs in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have to amputate, so one day I went to J. F. Lord drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment. I got a 50c size, and it cured my leg. It is the best liniment in the world. Sold by Cook & Higgins."

President Wm. R. Harper, of the University of Chicago, has been again under the knife. Drs. J. E. Murphy and Arthur Bevan performed an operation for "intestinal retention." It is asserted that the operation was of a minor character, but reports about the Harper home are that the patient is very sick man.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. In consider them the best medicine on earth, and thank God who gave you the knowledge to make them." "Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, at 50c a bottle."

Following the admission of John A. McCall, President of the New York Life Insurance Company, that he gave \$48,000 to the Republican campaign fund in 1904, several large policy holders have written to McCall demanding his resignation, upon the ground that he is an unsafe man to handle other people's money.

WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hilecox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

The Republicans of Carter and Elliott counties have nominated Rev. J. E. Thornberry, a Baptist preacher, for representative. The district is largely Republican.

As a dressing for old sores, bruises and burns Chamberlain's Salve is all that can be desired. It is soothing and healing in its effect. It allays the pain of a burn almost instantly. This salve is also a certain cure for chapped hands and diseases of the skin. Price 25 cents. For sale by L. L. Elgin and Anderson & Fowler, the up to date druggists at Hopkinsville.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual external conditions, but is the great majority of cases by a disordered LIVER.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

TAKE NO SUBSTITUTE.

Jesse Hughes, a young boy of the county, was adjudged a lunatic this afternoon by a jury in the circuit court and ordered to the asylum. He will be taken to Hopkinsville tonight. Hughes is 21 years of age and a son of Mrs. Susie Hughes and the late Robert Hughes. He was accompanied to Hopkinsville by his uncle, Henry Cunningham.—Paducah News-Democrat.

Sprains.

S. A. Read, Cisco, Tex., writes, March 1, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it. So any one suffering from sprains, sold by Cook & Higgins."

Mrs. John B. Bruen, wife of a bookmaker, was dragged into an alley in Louisville by a negro, who took \$33 from her stocking and fled. She fought him as long as she could and then bravely chased him through the dark alley.

CARNIVAL NEXT WEEK.

Parker Amusement Co. and
Its Temple of
Music.

One of the most prominent and pleasing tented entertainments to be seen on "Parker's Pike" at the carnival, is the Temple of Music, without a doubt the largest array of costly musical machinery ever used by any musician, and one that is bound to satisfy the music-loving public's curiosity in a way that will leave a lasting impression.

Seven great nations of the world have contributed to this great musical exhibition, their stores of musical genius, representing the gifts and master minds of the greatest musical inventors of ancient and modern times. Among the notable instruments used are those from Gothberg, Sweden; Honolulu, Hawaiian Islands; Rome, Italy; Honduras, South America; Tokio, Japan; Constantinople, Turkey, and St. Petersburg, Russia.

The rendition of "The Palms" on the Swedish Harmonium, by Mr. Chas. and Miss Kittie Willard, is really worth the price of admission in itself, regardless of the additional program presented.

New Church.

The new Christian church at Murray, Ky., is almost completed. It will be dedicated on Sunday, Oct. 8th. Elder Z. T. Sweeney, of Columbus, Ind., will deliver the address. Elder Sweeney is a preacher and lecturer of national reputation. Very great interest is being manifested, and many visiting brethren and friends are expected to enjoy the occasion. The dedication will be followed by a protracted meeting.

The new building is of pressed brick and stone, with slate roof. The towers are 100 and 60 feet high respectively. The house is 90 by 45 feet and contains, besides auditorium, Sunday school room, study, class room, baptistry, etc. A balcony and basement will be completed later. The entire cost will approximate \$20,000.
